

Small and Medium Pennant Designations for The Head of the River Race 2026

Below is the present ranking for those who have raced within the last four calendar years for clubs (2022 and since), and three calendar years for academic institutions (2023 and since) who are eligible for the Medium and Small awards.

The Committee invite clubs that are not classified and believe they would rank in the Medium categories to submit a request for a category prior to the **6th of February 2026**.

N.B. those without classification may be moved into Medium, but not Small. This is to encourage entries from those who have not participated before or for a considerable period of time.

To make the appeal request, please email secretary@horr.co.uk by the above noted deadline. Please provide the relevant BROE ID of your crew, if possible.
